## PREFACE

This report provides a compilation of statistics and graphics which summarize existing conditions and past and projected trends in the “Lehigh Valley” (Lehigh and Northampton counties). It is designed for use by planners, public officials, private organizations and individuals interested in growth and development in the Lehigh Valley. The topics of the data chapters are: Introduction to the Lehigh Valley, Demographics, The Economy, Land Development, and Utilities and Transportation.

In September 2006, the LVPC updated the population forecasts through 2030 for Lehigh and Northampton counties. Municipal population forecasts were updated in 2007. The forecasts were developed using the official 2005 Census estimate as the benchmark year. With the release of the 2010 Census population figures, the LVPC is considering modification of the population, household and employment forecasts.

The Lehigh Valley Planning Commission publishes numerous informational, analytical and policy-oriented planning reports which address subjects such as: demographics, land use planning, community facilities and utilities, transportation, recreation/natural features and the environment. For more details, refer to the listing, *Maps and Publications for Sale by LVPC*. To obtain a copy, contact the LVPC offices (610) 264-4544 or our website at <http://www.lvpc.org>. The e-mail address is [lvpc@lvpc.org](mailto:lvpc@lvpc.org).

The Lehigh Valley Planning Commission address is: 961 Marcon Blvd., Suite 310, Allentown, PA 18109. A location map for finding the Commission’s office can be found on page viii.
